

Eden Reforestation Projects

PLANT TREES | SAVE LIVES

Eden Reforestation Projects (Eden) would like to thank you for your 2020 donations of \$850.00.

Your support fuels the mission of Eden. In 2020, Eden was able to employ thousands of people who were in desperate need of fair and consistent income. These employees worked together to plant roughly 196 million new trees in deforested areas of Madagascar, Haiti, Nepal, Indonesia, Mozambique, Central America, and Kenya!

Your commitment to planting trees and saving lives is truly making a difference, and your support is helping us reach our goal of planting up to 1 million trees per day in 2021. We are grateful for your ongoing support!

Kindest Regards,

The Eden Finance Department
