

Eden Reforestation Projects

PLANT TREES | SAVE LIVES

January 31, 2022

info@alegruzza.com

Dear Alessandro Gruzza Nature Photography,

Eden Reforestation Projects would like to thank you for your 2021 donations of \$ 900.00

Your support fuels the mission of Eden Reforestation Projects. In 2021, Eden was able to employ thousands of people who were in desperate need of fair and consistent income. These employees worked together to plant roughly 350 million new trees in deforested areas of Madagascar, Haiti, Nepal, Indonesia, Mozambique, Central America, Brazil, and Kenya!

Your commitment to planting trees and saving lives is truly making a difference, and your support is helping us reach our long-term goal of planting 50 billion trees by 2030. We are grateful for your ongoing support!

Kindest Regards,

The Eden Finance Department
